

Groton Alliance for Substance Abuse Prevention (GASP): The CSC Years

Since 1999, GASP has been serving Groton as the local prevention entity. Here is a look at some highlights over the last 5 years:

Thank to our funder and parent agency:

2015 - 2016

- GASP awarded CSC Grant from DMHAS
- Through a needs assessment, Marijuana and non-medical use of prescription drugs were selected as priorities
- Family norms and perception of harm were selected as priority risk factors; strategies included social marketing, enforcement/surveillance and youth/parent education

2016 - 2017

- GASP builds capacity with strengthened partnerships with Chamber of Commerce, Community Speaks Out and local healthcare providers
- GASP prioritizes Cultural competence; offers materials in Spanish, holds training on CLAS Standards, Children of Incarcerated Parents and Young Men of Color.
- Rx drug and MJ use dropped among youth, MJ passed goal of 9.4% (6.5%) Rx at 5.3% nearing 2020 goal of 4.9%

2017 - 2018

- GASP continues robust educational and marketing campaigns with @Groton_Prevents parent mailings, fact-based youth posters and educational events with trauma/resilience expert Dr. Peacock
- Social Media outreach on Facebook, Instagram and Twitter Facebook up 31%, Instagram up 35%, Twitter up 21% from last year
- Exceeds 2-ton mark for Rx drug collection; continues #TakeItToTheBox promotion and bi-annual Take Back events

2018 - 2019

- Observation of National Drug and Alcohol Facts Week Over 125 Middle School Students reached with GASP Crossword and Word Search
- Participation in first annual collaborative fundraising event; Emerald Ball; 425 people in attendance
- SADD leadership takes charge of prevention Week at Fitch High School

2019 - 2020

- Celebration of 20 years of prevention @Serenity Ball
- 125 Grasso Students complete EverFi Rx drug curriculum
- Implementation of new structure and member responsibilities to strengthen coalition to meet future goals via Coalition Vitality Assessment Tool

Outcomes

Decrease in youth marijuana use: 33%
 Decrease in non-medical prescription drug use: 61%

- Increase perception of parental disapproval of marijuana: 0.006%— We can do better here!
 - Increase perception of clear rules against marijuana : 2.7%
- Increase perception of parental disapproval of prescription drug abuse 1.6%
 - Increase perception of clear rules for prescription drug abuse 4.3%
- Decrease in perception of harm for marijuana use 12% – Not good!
 - Increase perception of harm for prescription drug abuse 6.6%

*from 2014 to 2018, recent use Groton Youth Survey

2020 + goals

- Continued grant-funded prevention, sustainable prevention activities in the brand new middle school, thriving youth prevention clubs at Grasso Tech and Marine Science Magnet School, prevention-informed community planning and distinction as a recovery-friendly community! Join us-make it happen!

Mission: To build a healthy, safe and drug-free community through advocacy and education
 Vision: Building community strength through prevention
